**Possible Amendment to the
FY2005 Treasury-Transportation Appropriations Act (H.R. 5025)
Part Three**

The following is a potential amendment that might be offered. The bill continues to be considered under an open rule (H.Res. 770), under which new amendments may be offered without notice (although the rule does give priority to those amendments that were pre-printed in the *Congressional Record*). Under a unanimous consent agreement, the entire bill is now considered as read, making remaining points of order and amendments allowable at any time. If your boss is considering offering an amendment, please forward the **text** and talking points to: paul.teller@mail.house.gov.
